Mark Your Calendars!

MHRC / RACES: Thursday April 12th

General Meeting at 6:30 PM

Everyone is welcome to attend any of the above meetings or call in on the nets.

Presidents Message

April 2012 report

The next few months will prove to be very busy for the club. We will need a number of volunteers to support the various communication efforts we put forward.

MDP is hosting a training exercise on April 14th and has asked for our participation. This will be an earthquake drill and we will need to staff IFPD and maybe some remote locations. This will provide the opportunity to get familiar with the radio gear at IFPD and message handling. If we can get enough radio operators, we could work Station 23 (Pine Cove) into the mix.

May 5th will be the Spring Challenge Bike Race. This is always a fun event to participate in. We operate a number of remote sites between Hurkey Creek Campground, May Valley and South Ridge Trail. The bike course covers nearly 30 miles of dirt roads and single track trails. We record and report the various riders, their number and times through the check points, then relay the details back to race central.

Repeater Station WA6SSS 146.895 (-) pl 118.8

June 23rd and 24th will be the annual ARRL Field Day event. We set up along highway 243 next to the tree carver. This is a 24 hour national event, where we share with the public what Amateur Radio can do in times of disaster. During the event we make contacts with other stations across the country. Last year we reached from Hawaii clear to the east coast all on less than 100 watts of power.

All of these events will need coordination and a host of volunteers. Please start checking your schedules, as we will be looking for sign ups over the next few weeks. Send an e-mail or share your willingness to participate in any of the events during the weekly roll calls. Plus we will be asking for your support at the next couple of club meetings.

I'm also very excited about the programs Al Toering N6TEZ is bringing to the club. Al is working up the schedule and topics, hope to here more details during the April meeting. They should be very interesting and informative.

So with all that is going on in the club, please make it a point to get engaged with the activities, show up for the meetings and support the efforts with your ideas.

Radio Club Minutes for General Meeting March 09, 2012

CALL TO ORDER:

The Mile High Radio Club general meeting was called to order by Vice President Wayne Laube at 1834 hours with 18 members present, thereby constituting a quorum. The Pledge of Allegiance was led by Rick Foster.

Previous minutes (February Meeting) were published in the February newsletter. Marilyn Peck called for any corrections or additions to the Minutes as published in the newsletter, hearing none, Rick Foster then moved to accept the minutes as published, seconded by Al Toering. There being no further discussion, the vote was taken approving the minutes unanimously.

TREASURER'S REPORT:

The Treasurers report was read by Chris Johnson. Paul Miglin moved that it be accepted as read and Bill Baker seconded. Motion passed.

Chris Johnson is still in training, Bill Tell will continue to work with him.

Bill Tell called for a list of regularly scheduled payments to be approved now for this year if not exceeding amounts listed. Rick Foster moved to accept this suggestion and Chris Fourroux seconded the motion. Motion approved unanimously.

D. (Tom Unwin) Marilyn Peck reported for the Audit Committee that they were not yet finished with the audit and request a due date extension to the next monthly meeting on March 8. Request granted by President Bill Tell.

MEMBERSHIP REPORT

Rick Foster stated that there is no membership report for March.

CORRESPONDENCE

None presented.

COMMITTEE REPORTS

Vi Hallacy reported that there will be a Radio Practice on March 24th from 9:00 to 11:00.

(Tackle 9.a) Repeater interference – No report, Tom Unwin WA6SSS not present

(Tackle 1) Club Call Sign KD6OI – Bill Baker KN6JV: Our proposed change is a success and KD6OI is now official. Site WA6SSS is gone. We need to notify TASMA and AARL to get it in the books. Bill Tell is handling. However, the application needs to be resubmitted from a computer rather than handwritten.

RACES --Bill Baker KN6JV – RACES Emergency Coordinator: Nothing to report at this time.

Editors Notes

Yes, sorry for this getting out as late as it is, storms that happen on the weekends really mess things up at Caltrans; anyways here is the notes and links for those that were not able to be at the last MHRC Training.

T-Hunting or Fox Hunting

The book is “Transmitter Hunting: Radio Direction Finding Simplified” by Joseph Moel (1987) – amazon lists it for \$24.95

<http://www.qsl.net/n/n6bg/thunt/>

and

<http://www.homingin.com/>

by Joe Moel – K0OV

Thank you AI for the Presentation.

WANTED

People to work the Spring Challenge Bike Race

IF interested, or want to work the event please let us know or come to the MHRC training on April 12th ;so we can cover all the locations that they are requesting for the event. It is great practice, you get to work outside, use your radio outside of the house or shack, practice your radio message handling and oh ya, watch a great event also.

Paul Miglin
