Presidents Message

Vi Hallacy has left some big shoes to fill. She has promised to stay close at hand and provide guidance, but without all of the responsibility. She now plans to take on the role of club Historian. I certainly will be looking forward to her historical articles in future newsletters.

We plan to carry on with many of the clubs traditions. We also know there will be many loose ends that will need to be taken care of. So if you see a need or something we maybe missing speak up and let's discuss and move your ideas forward.

Yes, everyone knows I'm a nut for details, so I have started a list of items that have been running through my head. Individually the items will be easy to tackle. We want to engage a wider range of the membership, so that we do not bog down a small few. So please step up.

We should also consider bringing more programs into the meetings. Something that makes it fun for all in attendance and somehow shortens the time we spend on business.

These are just ideas, it's your club and we look forward to hearing your thoughts.

Bill Tell KD6KTV
President
